Simple Hints for Growing Prize-Winning Roses

We advise fall planting when and where possible. You should be guided by climatic conditions in your section and the experience of successful local gardeners. We usually begin shipping about October 1 and continue until April 1, but find late spring plantings do not survive the first summer as well as earlier plantings.

Any good soil in a sunny location, and away from trees and shrubbery, is right for Roses. The soil should be spaded deep—about 18 inches. Any manure used should be mixed with soil and placed within the first 9 inches at the bottom of the bed. Don't let the roots touch the manure. Fill top of bed with top soil.

Make the holes deep and large enough to receive the roots without bending. Place the plant with roots spread out, and slightly deeper than the plant grew in the nursery. Work soil in around the roots until hole is three-fourths full. Pack well and water thoroughly. When water settles, finish filling hole with loose top soil; this acts as a mulch. If fertilizer is required on the surface, spread it carefully and work into the top soil.

Should watering be required in dry weather, be sure to soak the soil thoroughly. A light sprinkling is almost useless. Good cultivation and loose top soil or a mulch of peat moss are surely as important as watering.

Foliage diseases may be controlled with Tri-ogen or its equivalent. Good sprays may be bought from your local merchant with directions on the containers.

Pruning: Prune Hybrid Tea and Hybrid Perpetual bush Roses by removing misplaced canes and old and diseased wood at the base; shorten remaining canes to desired height. To keep Tea and Polyantha bush Roses in shape, remove dead wood. Prune Hybrid Tea Climbers and Tea Climbers to remove old or diseased wood, and to keep in bounds. Prune Shrub Roses and Climbers which bloom only in the spring by removing old, weakened canes at the base, leaving the new and thrifty canes for next year's bloom. (Example, Excelsa and Banksia.) All Rose pruning should be done in the spring when buds begin to swell (about February 15 here) except Climbers and Shrub Roses that bloom only in the spring; these should be pruned in early summer, soon after they have finished blooming.

Abbreviations Used: CHT., Climbing Hybrid Tea; Flor., Floribunda; HT., Hybrid Tea; LC., Large-flowered Climber.

Everblooming Polyantha or Baby Roses

The origin of the Polyantha is not clear. It is believed to have come from the Multiflora ramblers; hence the misleading name sometimes applied to them, "Baby Ramblers." They are not ramblers in any sense of the word, but very dwarf, bushy plants, blooming in large clusters of tiny flowers. Excellent for mass planting or dwarf, informal hedges and borders.

Price, except as noted, best-grade, 2-yr. plants, $1.10 each; 3 for $2.85; $11.50 per doz.

Cecile Brunner. The true Sweetheart Rose. Sprays of rosy pink buds open into shell-pink flowers. $1.50 each; 3 for $3.75.
Ellen Poulsen. Large, double, bright cherry-pink clusters.
George Elger (Yellow Cecile Brunner). Coppery yellow.
Gloria Mundi. The prettiest orange-scarlet Baby Rose we know. A deserving winner of medals.
Ideal. Velvety crimson trusses of fragrant flowers.
Katharina Zeimet. Large clusters of small white flowers. One of the best white Baby Roses.
Perle d'Or. Dainty, long-pointed, salmon-orange buds; medium-sized, double, lasting, intensely fragrant, salmon-pink flowers borne in large clusters.
Tip-Top (Baby Doll). Tyrian-rose at edge of blooms, passing to white and pale yellow.

Everblooming CLIMBING ROSES

Price, except as noted, best-grade, 2-yr. plants, $1.10 each; 3 for $2.85, $11.50 per doz.

Blaze. Vigorous climber producing a gorgeous mass of brilliant scarlet in the spring. Often an intermittent bloomer for the remainder of the season. $1.35 each; 3 for $3.50.
Climbing American Beauty. Climbing form of American Beauty with large, rose-pink flowers.
Cl. Caledonia. Climbing form of the well-known white Rose that has long been a favorite. $1.25 each; 3 for $3.15.
Cl. Cecile Brunner. Climbing sport of Cecile Brunner. Large clusters of miniature seashell-pink flowers. Good grower. $1.50 each; 3 for $3.75.
Cl. Columbia. Peachblow-pink. Nearly thornless. $1.25 each; 3 for $3.15.
Cl. Condesa de Sastago. Oriental-red and yellow. $1.35 each; 3 for $3.50.
Cl. Dainty Bess. Like its parent Dainty Bess, except in habit of growth. Excellent new climber.
Cl. Devoniensis (Magnolia Rose). Very large, double, fragrant. Creamy white, center sometimes tinged blush. Profuse, recurrent bloom. $1.50 each; 3 for $3.75.
Cl. Etoile de Hollande. Dark, velvety red. $1.25 each; 3 for $3.15.
Cl. Kaiserin Auguste Viktoria. White; good bloomer. One of our best white climbers.
Cl. Lady Hillingdon. Semi-double, fragrant; deep apricot-yellow.
Cl. Louis Philippe. Double flowers of deep purplish scarlet-red. $1.50 each; 3 for $3.75.
Cl. Maman Cochet. Rich coral-pink, shading to rosy crimson. The flowers are very large, with thick shell-like petals. $1.50 each; 3 for $3.75.
Cl. Mrs. Pierre S. du Pont. Beautiful fragrant blooms of reddish golden yellow.
Cl. Perle d'Or. Dainty, long-pointed buds and flowers like its parent. $1.25 each; 3 for $3.15.
Cl. Poinsettia. Large, double, slightly fragrant blooms of bright unfading scarlet. A strong climber. *NEW, EXCELLENT.* $1.50 each; 3 for $3.75.
Cl. President Hoover. Climbing sport of the well-known President Herbert Hoover, and identical in bloom.
Cl. Radiance. Sport of Radiance with all its good qualities.
Cl. Red Radiance. Sport of Red Radiance with a flower like its parent.
Cl. Sunburst. Splendid yellow climber.
Cl. Talisman. An excellent bloomer. No other multi-color Rose is as popular as Talisman.
Countess of Stradbroke. Very large, globular, well-shaped blooms of dark glowing crimson. A vigorous climber, blooming freely. $1.50 each; 3 for $3.75.
Eva. Pink in summer, red in fall. Produces huge trusses up to 18 inches long and wide. A shrub growing to 8 feet tall. Suitable where a hedge or low climber is needed. $1.50 each; 3 for $3.75.

ROSEMONT'S *Hardy Climbers, Ramblers and Pillar Roses*

A Climbing Rose is a plant that, if given support, grows higher and higher, starting each year from or near the top of the previous year's growth.

A Rambler, properly speaking, has long, thin, pliable branches which if not supported, take root where they touch the ground and thus "ramble."

A Pillar Rose does not climb or "ramble," its canes are too stiff. Some are strong and self-supporting; others require a stake or some support.

Price, except as noted, best-grade, 2-yr. plants, $1.25 each; 3 for $3.15

American Pillar. Rosy pink or carmine, with white center and yellow stamens. Usually classed as a rambler but is actually a vigorous climber.
Dr. W. Van Fleet. A very hardy, vigorous climber with long-stemmed, appleblossom-pink flowers. Extra fine in all ways.
Mary Wallace. Bud long pointed; flower very large, semi-double, cupped, fragrant, warm rose-pink. Profuse seasonal bloom. Classed as large climber; actually a strong pillar or self-supporting shrub.
Mme. Gregoire Staechelin (Spanish Beauty). Bud long pointed; flower very large, of distinct form, fragrant. Delicate pink, stained crimson outside, followed by pear-shaped fruit. Long stems. Abundant-blooming climber.
Paul's Scarlet Climber. Semi-double flowers in large clusters; flaming scarlet with a crimson shade. None better. This is an excellent pillar Rose. $1.10 each; 3 for $2.85.
Silver Moon. Large, clear silvery white, semi-double flowers; yellow stamens. Excellent climber.

The 3 PINOCCHIOS

These three Pinocchios are just about the most satisfactory Roses you can plant. All are extremely hardy, easy to grow and always in bloom. The clusters of dainty pointed buds open to long-lasting small blooms like miniature Hybrid Teas. Delightfully fragrant. Bushy plants 2 to 3 feet tall, excellent for borders and mass planting.

The symbol AARS indicates Roses that have been winners in the All-America Rose Selections. In competition with other new varieties they have proved their worth by their performance in test gardens across the country. Here they are grown for two years before being rated by the All-America judges. Look for the AARS sign.
